

Miss Maud Fletcher, who has been in Miami, Texas, since last March returned home Thursday.

J. A. Roberts, who moved from this county to Missouri two years ago, has moved back to West Bend.

Everett Wells and — Grinnell, of Clark county, spent Thursday night with P. D. Todd near this city.

L. C. Lyle, of Hardwick's Creek, will have a public sale of his personal property February 27th and move to Montgomery county where he has rented a farm.

A house belonging to the Bill Neal estate and occupied by Will Walters burned early Friday morning. The house of E. M. Hutchinson adjoining came near being consumed.

Mr. F. M. Hutchinson desires through the medium of the Times to extend his thanks for the heroic work done by many in the saving of his residence from fire Friday morning.

Commissioner of Agriculture, J. W. Newman, has issued an official call for the winter term of the State Farmers' Institute to be held at Frankfort February 27, 28 and 29th. All farmers whether delegates or not are cordially invited to attend. The middle day is Ladies' Day, and noted lecturers on the woman's place in agriculture and home improvement have been secured.

The whiskey people in sending out their literature to prove that all pauper counties of the state are dry counties and the counties which practically pay all taxes are wet should have a little regard for truth. For instance Powell is classed as a dry county. With three licensed saloons wide open, former votes of the people have been disregarded. All counties are not dry always that vote that way.

Coincident with the enormous increase in expenditures is a like addition to the number of office holders. During the last year 23,784 were added, costing \$16,156,000, and in the last six years of the Republican administration the total number of new offices created has been 99,319 incurring an additional expenditure of nearly \$70,000,000 as against only 10,279 new offices created under the Cleveland and McKinley administrations, which involved an expenditure of only \$6,000,000. We denounce this great and growing increase of the number of office-holders as not only unnecessary and wasteful but also as clearly indicating a deliberate purpose on the part of the administration to keep the Republican party in power at public expense by thus increasing the number of its retainers and dependents.

PUBLIC SALE OF Fine Blue Grass Farm.

On account of my heavy professional duties I have decided to sell this splendid farm. Terms, one half cash balance to suit purchaser. Possession given at once.
Dr. E. G. Guttery.

The month of January was, on an average, the coldest known since the weather records have been kept. The average temperature was a fraction over twenty-four degrees. The lowest Jan. previous to this was in 1805 when the average was twenty-five degrees. There was more or less snow on the ground during the whole of the past month and the ground was not thawed entirely through during the month.

Don't Suffer!

"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."

TAKE CARDUI The Woman's Tonic

You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness.

If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

Very Serious

It is a very serious matter to ask for one's medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.
